

# ARE THOSE PLASTIC SURGERY SCARS?

These celebs are sporting all kinds of mysterious marks!

### ARIEL WINTER, 19

The scar on the *Modern Family* star's side is a small price to pay for her 2015 breast reduction surgery. "I was unhappy," she says of life before the procedure, which took her from a 32F to a 34D. "This is how I was supposed to be."

Nothing to hide

### HEIDI MONTAG, 30

"This isn't what I signed up for," the reality star told *Life & Style* of the evidence of her 10 cosmetic surgeries. Among them: jagged lines from having her ears pinned back (right) and a chin reduction.

### JEREMY PIVEN, 51

Miami plastic surgeon Dr. Leonard Hochstein says the mark on the actor's head is from a hair transplant. "These scars rarely heal well," he notes. "If you have the procedure, you're committed to never having a short haircut."

### KELLY BENSIMON, 49

The line across the *RHONY* alum's boob is most likely from "a breast lift with implants," explains NYC-area plastic surgeon Dr. Steve Faliek.

### BLAC CHYNA, 29

Dr. Faliek believes the reality star's mark is a breast implant scar, and says it's an unfortunate after-effect. "It should be hidden in the breast fold or the crease," he explains.

### CHRISTINA AGUILERA, 36

The scar on the singer's armpit could either be from a small arm lift (which gets rid of upper arm flab) or an old-school breast implant. "It's a little long for an implant scar," says Dr. Faliek, "so she probably had an arm lift."

### JENNI "JWOWW" FARLEY, 31

The reality star's discolored patch of skin "appears to be from a breast augmentation," says Michigan-based plastic surgeon Dr. Anthony Youn. "The scar looks like it has widened a bit, which is uncommon, but can happen."

### KATE GOSSELIN, 42

The famous mom of eight has no regrets about her 2006 tummy tuck, calling it "the best decision I've ever made." But Philadelphia plastic surgeon Dr. Kirk Brandon says the doc's incision was placed "too high and probably can't be corrected."
